

SPEED & MOVEMENT

RULES REFERENCE

SPEED

- ANCHORED: 0 STEPS; MAY TURN ONCE, THEN SHOOT.
- STEADY: 1 FULL MOVEMENT STEP.
- BATTLE: 2 FULL MOVEMENT STEPS.
- FULL: 3 FULL MOVEMENT STEPS.

SET SPEED

- BEFORE MOVING, KEEP SPEED OR CHANGE IT BY ONE LEVEL.
- STEADY TO ANCHORED STILL MAKES 1 STEP BEFORE STOPPING.

EACH STEP

- MOVE THE FULL MOVEMENT VALUE STRAIGHT AHEAD.
- THEN TURN ONCE, UP TO THE SHIP'S RED OR YELLOW ANGLE.
- A SHIP ALREADY ANCHORED MAY TURN ONCE WHEN ACTIVATED.

RR-01

COLLISION & EVADE

RULES REFERENCE

CHECK

- COLLISIONS ARE ACCIDENTAL UNLESS A RULE PERMITS RAMMING.
- BOTH SHIPS TEST SKILL AT +1; A SHIP 2+ SIZES SMALLER ALSO GAINS +2.

IF EITHER PASSES

- THE ACTIVATING SHIP CLEARS THE OTHER AND COMPLETES ITS STEP.
- IF IT CANNOT CLEAR: STOP JUST SHORT, MAKE THE SMALLEST TURN THAT CLEARS WITH THE MOVEMENT REMAINING, THEN CONTINUE.

FIRE LIMIT

- AFTER EVADE ROLLS, NEITHER SHIP MAY FIRE AS SHE BEARS IN THAT STEP; THE ACTIVATING SHIP CANNOT SHOOT AT STEP END.

RR-02

COLLISION DAMAGE

RULES REFERENCE

DICE

- EACH SHIP STARTS WITH 1D10 AND ADDS 1D10 PER SIZE LARGER THAN THE OTHER SHIP.
- EACH ROLL IS DAMAGE INFLICTED ON THE OTHER SHIP; TINY HALVES ITS FINAL DAMAGE, ROUNDING DOWN.

EXTRAS

- ACTIVATING SHIP AT FULL SPEED: ADD 5 TO BOTH DAMAGE TOTALS, INCLUDING A TERRAIN COLLISION.
- TERRAIN DEALS D10s EQUAL TO SHIP SIZE: TINY 1, SMALL 2, MEDIUM 3, LARGE 4, XL 5.

AFTER

- APPLY DAMAGE SIMULTANEOUSLY; REDUCE BOTH SPEEDS ONE LEVEL.
- ALREADY ANCHORED OR GROUNDED: SUFFER D3 EXTRA.
- ACTIVATING SHIP MAKES THE SMALLEST TURN NEEDED TO CLEAR ITS NEXT STEP, THEN ITS ACTIVATION ENDS.

RR-03

FIRE AS SHE BEARS

RULES REFERENCE

OWN ACTIVATION

- PRE-MEASURE AND MARK THE WHOLE STEP, STOP EN ROUTE TO SHOOT, THEN FINISH AT THE MARKER AND TURN.

ENEMY ACTIVATION

- AN UNACTIVATED SHIP MAY FIRE WHEN AN ENEMY ENDS A STEP IN ITS BROADSIDE ARC.
- RESOLVE AFTER THE ACTIVE SHIP'S SHOOTING; APPLY -2 TO HIT; MARK THAT BROADSIDE FIRED.
- THAT POSITION CANNOT FIRE AGAIN IN ITS NEXT ACTIVATION; REMOVE THE MARKER AT ACTIVATION END.

LIMIT

- EVERY FIRE AS SHE BEARS SHOT HAS -2 TO HIT.
- NEVER USE IN A STEP IN WHICH THE SHIP EVADES OR WILL EVADE A COLLISION, INCLUDING A RAM.

RR-04

VISIBILITY, ARCS & RANGE

RULES REFERENCE

FIRE ARCS

- BROADSIDE ARCS EXTEND SQUARE FROM THE SIDE AND ALONG THE BASE LENGTH.
- BOW AND STERN ARCS EXTEND 30 DEGREES.
- ANY PART OF THE TARGET BASE MUST LIE IN THE CHOSEN ARC.

VISIBILITY

- BLOCKED: NO CLEAR LINE TO ANY PART OF THE TARGET.
- PARTIAL: A CLEAR LINE REACHES NO MORE THAN HALF THE TARGET, OR LESS THAN HALF ITS BASE LIES IN THE FIRING ARC.
- OTHERWISE THE TARGET IS FULLY VISIBLE.

RANGE

- HEAVY 20 IN; LIGHT 14 IN; CLOSE QUARTER 8 IN; INDIRECT 22 IN.
- MEASURE CLOSEST VALID POINT IN THE FIRING ARC TO THE CLOSEST TARGET POINT IN THAT ARC.

RR-05

DAMAGE & RAKING FIRE

RULES REFERENCE

WEAPON DAMAGE

- HEAVY 2; LIGHT 1; CLOSE QUARTER 3; INDIRECT D6 PER HIT.
- POINT BLANK WITHIN 3 IN DOUBLES TOTAL WEAPON DAMAGE; NEVER DOUBLE INDIRECT DAMAGE.

RAKE CHECK

- BROADSIDE TARGET BASE IS WHOLLY IN ARC AND ITS BOW OR STERN WIDTH PROJECTS COMPLETELY ACROSS THE FIRING SHIP'S BASE LENGTH.

BOW RAKE

- ADD 1 DAMAGE PER HIT. AT POINT BLANK: DOUBLE WEAPON DAMAGE, THEN ADD 1 PER HIT.

STERN RAKE

- DOUBLE WEAPON DAMAGE. AT POINT BLANK: TREBLE WEAPON DAMAGE.
- NEVER MULTIPLY DAMAGE FROM THE CRITICAL HIT TABLE.

RR-06

CRITICAL HITS & BLAZE

RULES REFERENCE

CRITICAL

- A SUCCESSFUL NATURAL 10 CAUSES NORMAL DAMAGE PLUS A 2D6 CRITICAL HIT.
- INDIRECT WEAPONS ALSO CAUSE A CRITICAL HIT ON A SUCCESSFUL NATURAL 9.
- RESOLVE CRITICAL DAMAGE SEPARATELY; POINT BLANK AND RAKING MULTIPLIERS NEVER APPLY TO IT.

NEW BLAZE

- PLACE ONE BLAZE MARKER AND IMMEDIATELY SUFFER D3 DAMAGE; EXTRA BLAZE MARKERS HAVE NO ADDED EFFECT.

START OF ACTIVATION

- TEST SKILL. PASS REMOVES BLAZE. FAIL DEALS D3 TINY/SMALL, D6 MEDIUM, D10 LARGE/XL.
- NATURAL 1 ON A FAILED TEST EXPLODES THE SHIP; EVERY OTHER SHIP WITHIN 4 IN SUFFERS D10.

RR-07

CRIPPLED, NERVE & SURRENDER

RULES REFERENCE

CRIPPLED

- DAMAGE GREATER THAN NV: MAXIMUM BATTLE SPEED; HALVE EACH WEAPON TYPE AND CREW STRENGTH, ROUNDING UP.

NERVE TEST

- WHEN ACTIVATING WITHIN 10 IN OF A PARTIALLY VISIBLE, NON-SURRENDERED MEDIUM+ ENEMY; ALSO AFTER LOSING A BOARDING ACTION WHILE CRIPPLED.
- FAIL: SURRENDER. BOARDING-LOSS TEST HAS -1.

SURRENDERED

- CANNOT ACTIVATE; MAY EVADE AND DEFEND IN BOARDING AT -1.
- CRIPPLED AND/OR SURRENDERED HALVES CREW STRENGTH ONLY ONCE.
- IF ABLAZE, CONTINUE FIRE TESTS WHEN IT WOULD ACTIVATE.

DESTROYED

- DAMAGE EQUAL TO OR GREATER THAN SP DESTROYS THE SHIP, EXCEPT BOARDING DESTRUCTION LEAVES IT IN PLAY.

RR-08

GRAPPLE & BOARD

RULES REFERENCE

GRAPPLE

- AFTER MOVEMENT AND SHOOTING: TARGET WITHIN 3 IN; NEITHER SHIP AT FULL SPEED; ATTACKER TESTS SKILL.
- PASS: BOTH ANCHOR, GRAPPLE AND ALIGN. FAIL: ACTIVATION ENDS.

ALIGN

- CENTRE SIDE-BY-SIDE USING THE LEAST MOVEMENT; MOVE THE SMALLER SHIP FIRST, OR DEFENDER IF EQUAL.

ATTACK

- EACH SHIP ROLLS D10 EQUAL TO CREW STRENGTH. HITS ON MODIFIED 6+ DEAL 2; NATURAL 10 DEALS 4 INSTEAD.
- INEXPERIENCED -1; VETERAN +1; ATTACKER +1 IN FIRST ACTION AFTER GRAPPLE; SURRENDERED -1.

RESULT

- HIGHER DAMAGE WINS. CRIPPLED LOSER TESTS NERVE AT -1. BOARDING IS THE ACTIVATION'S FINAL ACTION.

ONGOING GRAPPLES

RULES REFERENCE

ON ACTIVATION

- A Crippled ship tests Nerve first, then chooses Repel Boarders or Disengage.

DISENGAGE

- Test Skill; Crippled -1; automatic against a Surrendered ship.
- Movement is optional. If moving, use Steady only; against a non-surrendered ship, cannot shoot or repair.
- If remaining anchored, nudge ships apart.

SHOOTING IN

- First test skill. Fail wastes that firing position.
- On a hit, calculate target-specific Point Blank/Raking weapon damage, then split all weapon damage equally, rounding up, among grappled ships.
- Only the original target suffers Critical Hit results.

RR-10

SKILL TESTS & RE-ROLLS

RULES REFERENCE

SKILL D6

- Inexperienced 6; Regular 5+; Veteran 4+.
- Natural 1 always fails. Natural 6 is not an automatic success.

SHOOTING TARGETS

- Inexperienced and Regular choose the closest legal enemy in each arc; may ignore Squadrons, surrendered ships and enemies grappled to friendly ships.
- Veteran may test skill per arc to choose any legal target; failure uses the closest.

RE-ROLLS

- Resolve a granted re-roll as written and accept the new result.
- Opposing re-roll effects cancel; keep the original roll.

RR-11

SQUADRONS & FLIERS

RULES REFERENCE

SQUADRONS

- Move once up to movement, with up to 2 turns about the centre; may anchor.
- Ignore full wind; never block visibility and may be ignored as the closest shooting target.
- No critical hits, boarding, grapple or repair.

COLLISION

- A Medium+ ship forced to evade by a Squadron may choose collision: moving ship fails automatically; if Squadron passes, move it the minimum clear distance.

FLIERS

- Use the flier's own card and rules. Minimum move is 4 in unless it has Hover and chooses to Hover.
- Void Cage may affect Squadrons and Fliers.

RR-12

FULL WIND & TACKING

RULES REFERENCE

OPTIONAL WIND

- Roll 2D6 each turn: 2 Becalmed (-2 movement, minimum 0); 3 clockwise; 4-10 no change; 11 anti-clockwise; 12 +1 movement.

WIND ATTITUDE

- Wind into rear arc: maximum battle. Wind on the side: maximum full. Wind into front arc: anchor or tack.
- Oars/engines may always use up to battle speed.
- If forced down 2 speed levels, suffer sail/engine critical damage without its extra speed drop.

TACK

- A moving ship facing into wind may make 1 step then anchor, or test skill.
- Pass: turn either way just clear of the wind and continue. Fail: 1 step, then anchor.
- Movement reduced to 0 anchors the ship; it may rise to steady later if not becalmed.

RR-13

TERRAIN & GROUNDING

RULES REFERENCE

SANDBANK

- Test skill to cross; medium or smaller +2. Fail damage: steady D3, battle 2D3, full 3D3; large/XL also grounded.
- Does not block visibility; may attempt evade instead.

SHORE / ISLAND

- Blocks movement; islands also block visibility. Tiny/small may approach; medium+ must stay 2 in away or test skill.
- Fail collides and grounds if it survives; pass makes the smallest clearing turn and ends activation.

ROCKS / GROUNDED

- Rocks block movement and visibility; collision allows no evade.
- Grounded ships cannot move, turn or evade, but may activate, shoot and grapple.

RR-14

INDIRECT WEAPONS

RULES REFERENCE

TO HIT

- Range 22 in; -2 to hit; long-range penalty does not apply.
- Natural 1 misses. A natural 10 can still hit when the required score exceeds 10.
- Successful natural 9 or 10 also causes a critical hit.

DAMAGE

- Each hit deals D6. Point blank never doubles indirect damage.

MISSED SHOT

- Use the D10 point to set direction from the target's centre; roll D6+2 in for distance.
- Hit any model under the new point. If it would still hit the original target or firing ship, it is a dud.

RR-15

REPAIRS & LEAVING BATTLE

RULES REFERENCE

REPAIR ACTION

- Declare on activation. Not allowed while ablaze, disengaging from a non-surrendered ship, or after fire as she bears this turn.
- Cannot shoot, grapple or board. Remove D6 damage; Veteran adds 2; Large/XL adds 2.

LEAVE TABLE

- If any base part finishes a step or turn off-table, remove the ship and mark the exit point.

RETURN

- In the end phase, rear edge touches the exit point; set steady and mark activated.
- It loses the following turn's activation. Return ships in exit order, after other end phase effects.
- Ablaze ships still test when they would activate, at +2.

RR-16

FLEET CONSTRUCTION

RULES REFERENCE

MINIMUM SHIPS

- Take at least 1 ship for every full 50 points: 150 points needs 3; 250 needs 5.

SHIP TYPES

- Choose at least 1 main battle ship; maximum 2 support ships per main battle ship.
- Use one faction fleet list only. A named vessel marked [1] is limited to one.

UPGRADES

- No ship may repeat the same upgrade.
- Magical and captain upgrades: main battle ships only. Maximum 1 magical per ship and 1 of each magical per fleet; maximum 1 captain per fleet.
- Upgrade limits: XL 4, Large 3, Medium 2, Small 1, Tiny 0.

CREW COST

- After upgrades: inexperienced subtracts 20%, rounding up; Veteran adds 20%, rounding up.
